Axon to Showcase Cutting-Edge Shrink Sleeve Application Solutions at Pack Expo Las Vegas 2023

RALEIGH, N.C., Aug. 4, 2023 – Axon, a ProMach product brand and leading provider of innovative shrink sleeve and tamper band applicator solutions, is excited to return to Pack Expo Las Vegas from Sept. 11-13. Attendees can stop by Booth C-3125 for an inside look at the new Aurora® sleeve applicator, HydroTech™ and the HE-500 Steam Tunnel. They are also encouraged to stop by booth C-3225 to see an integrated vitamin bottle capping and tamper band application solution in partnership with NJM.

New Shrink Sleeve and Tamper Band Solutions

Axon will showcase the Aurora® 5.0, a game-changing applicator for sleeves and tamper-evident bands. The new Aurora 5.0 can perform four different shrink applications, plus it is ergonomically designed for operator safety with enhanced standard guarding and lightweight tooling. Aurora 5.0 applicators provide reliable, steady-state production at speeds up to 500 containers per minute. The new Aurora adopts P.E. Labellers' distinguished ergonomic design and takes performance to the next level with improved film application control and higher speeds than previous models. This newly redesigned machine marks a significant milestone for Axon, P.E. Labellers, and ProMach, highlighting the commitment to collaboration and innovation.

Returning Applicators, Shrink Tunnels & Integrated Lines

Attendees will also see more Axon products in action this year. The HE-500 Steam Tunnel is a high-efficiency steam shrink tunnel featuring an integrated steam generator with minimal condensation output. HydroTech™ is a tamper-evident band applicator for both round and non-round containers with speeds of up to 300 containers per minute. In collaboration with NJM in Booth C-3225, Axon's EZ-100 applicator and EZ-24-BR shrink tunnel will be applying tamper-evident bands to vitamin bottles following an NJM capper on an integrated line.

“We are excited to bring our latest innovations to Pack Expo,” said Bob Williams, Vice President and General Manager of Axon. “Our team has worked tirelessly to develop cutting-edge packaging solutions that cater to the evolving needs of the industry. Pack Expo provides an excellent platform to display our machines in person, and we look forward to sharing the latest technology with our current customers and introducing it to new ones.”

Attendees can register online for free using Axon's complimentary code 91G55. Stop by Booth C-3125 at Pack Expo to take advantage of this opportunity to see five different Axon systems in person. The team will be available to provide demonstrations and answer any questions about their cutting-edge packaging solutions.

About Axon

Axon provides our customers the means to produce attractive sleeve labeled products and tamper evident protected packages with dependable performance and unmatched flexibility that translate into dollars and cents on the bottom line. Engineered for reliability and value, Axon solutions include shrink sleeve applicators, stretch sleeve applicators, tamper evident band applicators, and heat or steam shrink tunnels for pharmaceuticals, beverages, processed foods, dairy, health and beauty, household, and chemical products. Axon is a product brand of ProMach, a global leader in packaging line solutions. As part of the ProMach Decorative Labeling business line, Axon helps our packaging customers protect their reputation and grow the trust of their consumers. ProMach is performance, and the proof is in every package. Learn more about Axon at www.AxonCorp.com.

About ProMach

ProMach is a family of best-in-class packaging solution brands serving manufacturers of all sizes and geographies in the food, beverage, pharmaceutical, personal care, and household and industrial goods industries. ProMach brands operate across the entire packaging spectrum: filling and capping, flexibles, pharma, product handling, labeling and coding, and end of line. ProMach also provides Performance Services, including integrated solutions, design/build, engineering services, and productivity software to optimize packaging line design and deliver maximum uptime.

ProMach designs, manufactures, integrates, and supports the most sophisticated and advanced packaging solutions in the global marketplace. Its diverse customer base, from Fortune 500 companies to smaller, privately held businesses worldwide, depends on reliable, flexible, technologically advanced equipment and integrated solutions. ProMach is headquartered near Cincinnati, Ohio, with manufacturing facilities and offices throughout the United States, Canada, Mexico, Brazil, Europe, United Arab Emirates, and China.
